Some C. & A. Changes.

Trainmaster Brown and Superintendent Marquette were in conference with General Manager Titus and other operating officials of the Alton at Roodhouse Monday of this week. The meeting was in reference to the changes in a number of runs on the western division to conform to the winter schedule. Trains 193 and 194 will now be operated with two crews between Francis and Booth. One crew to layover Sunday at Francis and the other crew to layover at Booth. Trains 196 will be operated from Slater on Mondays, Wednesday and Fridays, and 195 will be operated from Francis on Tuesdays, Thursdays and Saturdays. The changes in the runs will require but one crew. Trains 214 and 215 will be operated between Francis and New Blomfield on Mondays, Wednesdays and Fridays, running through to Cedar City on Tuesdays, Thursdays and Saturdays. The stock special on the South Branch will be operated on Mondays.

To Present United Front STURGEON, Mo., November 9.—Editor Omar D. Gray prints these lines in his Sturgeon, Mo., Leader: "Missouri Democrats should not get discouraged over the Republican landslide. A thorough organization should be perfected at once and the battle fought intelligently and intensely two years hence. In our opinion the present Governor of this

state, Frederick D. Gardner, should be given the gubernatorial nomination four years hence without opposition in the primary, and a ticket to run with him should be carefully agreed on. With normal conditions, Missouri is a close state politically, but if we present a united front and use common horse sense we can win all along the line our years hence. But let's get busy at once."

A. Gorrell, of the McMillan high school who arranged for a short course in agriculture here, may drop the course unless there is more attendance. He says it is likely that he will give a course of ten lessons at some points in the country if the farmers want it.

Friday night was colder than any time so far this winter, according to Mrs. Abbie Snoddy, official weather recorder, the temperature being eleven degrees above zero. Saturday morning at 7 o'clock, the temperature was twelve degrees above zero.

Starts in Right.

The local naval recruiting station report two enlistments Tuesday: Marion D. Stuart and Admiral L. Depper, both of Mexico. Mr. Stuart will enter the school for naval electricians at San Francisco and Mr. Depper will take the course of boiler makers at Hampton Roads, Va.

Marriage License Issued.

A marriage license was issued by the county recorder Friday afternoon to Carl G. Mueller of Fayette and Miss Vivian eBasley of Harrisburg.

Mrs. J. F. Strode who had been visiting her brother, T. H. Day of Fulton, returned home Friday.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets that are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price three to five cents. Your money will be cheerfully refunded if you do not find it delightful.—(Adv.)

What the Audrain County Chapter of the Red Cross Has Done the Past Year Ending Oct. 27, 1920

Miss Burhl Hibbs, the Executive Secretary since coming to the Chapter June 1st has assisted in some may 180 ex-service men and their families, 160 of which are disabled men. There are 281 cases registered with the Civilian Relief department at the present time and all under her care. 54 disabled men have filed their claim for compensation, medical or dental treatment within the past five months. She is bringing to the attention of the ex-service men, a great many things which the government is offering them and which have never been explained heretofore. Also she is doing all of the social work in the county except in two towns where they have a Social Welfare organization. Two elderly women have been placed in Homes and two little children have been placed in an Orphan's Home until other arrangements can be provided for their care. Has assisted three people in sending food drafts and money to their relatives and friends in Europe. 480 calls have been made since June 1st.

Besides having entire charge of the Civilian Relief Department Miss Hibbs does all of the executive work connected with the Chapter.

Miss Corinne Markley, the Public Health nurse has visited 900 during the past nine months. During the influenza epidemic in February, 1920, 28 patients were visited two and three times and sometimes an all night stay was required, and the people were given instructions as to how to care for the person who was ill. During the small pox epidemic in the Farber School, 50 pupils were vaccinated under the direction of the County Health Officer. 50 school children refused vaccination. In the inspection of school children at Vandalia, it was found that 64% were liable to smallpox. Of the 36% immune, the majority of them were vaccinated in other states. In the rural districts 15% are found to be immune from smallpox. 37 women have been taught Home Hygiene and the care of the sick, and 40 more women are asking for these classes. One baby having whooping cough was taken to St. Louis for treatment and has since been adopted into an excellent home. A Nursery and Rest Room was maintained during the Mexico Chautauqua, and 50 children were cared for and defects were pointed out to the mothers. 636 school children were examined last February, March and April in the Vandalia, Laddonia and Farber schools. Out of the 400 examined in the Vandalia School only 44 were found without a single visible defect. In the rural schools decayed teeth form the largest per cent of defects. Enlarged tonsils being second. In the 320 country children examined, 49 havenot a single visible defect. A Conference of the mothers is held in every school after this examination where they discuss with the nurse the physical defects of their child.

First Aid was taught to the Boy Scouts in Mexico. The Junior Red Cross have been purchasing playground equipment for the Rush Hill School while the Junior Department of the Laddonia Branch have purchased a piano for their school.

The Officers of the Audrain County Chapter are looking forward to putting on a still greater program next year but to be able to do so, you must do your part to make the Fourth Roll Call a success.
